How to start a fight with your wife or soul mate???? I was sitting next to my wife flipping channels last night with my remote. She asked me - What's on the TV? I replied - Dust. That's when the fight started....LOL!

Then Andrea and I were sitting at a table at my high school reunion. I kept staring at a drunken woman sitting alone at a table swinging her bottle of Crown Royal around. She asked if I knew her and I answered yes, she's my old girlfriend. After we broke up she took to drinking and hasn't been sober since. My God, she said, Who would think a person could go on celebrating that long? That's when the fight started.....

Therese are only being printed to hopefully have your wife or hubby laugh like we did. Have a great week!
